30% Off Special 1-2

Forms for the end of the 1

## The Special!!

Between now and **December 21, Open Systems and IMS** are offering 30% off on the following modules:

### OSAS:

- ◇ Banking
- ◇ Info-Alert

### TRAVERSE:

- ◇ Banking
- ◇ Info-Alert

No, there is no typo. Both OSAS and Traverse now come with the NEW Banking module and the indispensable Info-Alert program.

Learn more about these modules here

## FORMS

Now is the time to start thinking about Forms for the End of the Year.

Where to get them? Well, you want forms that are 100% compatible with OSAS and Traverse, don't you?

Go to our Web Site, [www.ims-stlouis.com](http://www.ims-stlouis.com) and click on Compatible Forms on the left side. That's easy!

## Info-Alert (for OSAS or Traverse)

## 30% Off Special

Info-Alert is available in **OSAS** (versions 6.5, 7.0 and 7.5) and in *Traverse* (versions 10.2 and 10.5)

Here is what it does

Info-Alert is a powerful tool that monitors your business data and provides automated alerts when various business conditions are met. Info-Alert serves as a "virtual employee" that attaches to your

OSAS or TRAVERSE data and reviews it at scheduled intervals, reporting the information to the appropriate people.

With Info-Alert, YOU define a specific set of parameters.

Info-Alert is quick and easy to install. Once it is set up, Info-Alert will run unattended, reviewing your data for information you have requested. There are many predefined alerts, including those in categories such as Accounts Receivable, Order Entry, Inventory and Purchasing.

For each alert, you can establish a set of criteria; for example, *"Only review customers assigned to a specific sales rep."*

Most other Microsoft or ODBC-compliant databases in your office can easily be connected and mapped to Info-Alert to allow you to generate alerts

based on your company specific data.

Info-Alert can also be configured to send dunning letters to your customers, send requests to vendors for the status of late shipments, automatically update credit hold flags in your customer record and much more.

**And Best of all, through December 21, this module, whether you are running OSAS or Traverse is 30% off!**

## Banking

for

and

From ACH transactions to direct deposit of payroll checks, TRAVERSE Banking provides a number of features that combine to offer you a secure electronic banking environment.

Automatic Clearing House (ACH) delivery of payments made to your vendors or received from your customers gives you the ability to transmit electronic payments to your bank using a standard, secure

system that is both highly reliable and efficient.

Print or e-mail payment receipts & acknowledgements. Create ACH files for your bank, and payment journals for your records.

Create Positive Pay files for your bank.

View your bank account information in AR, AP, Payroll, and Bank Reconciliation.

Create recurring, scheduled customer

payments using certain payment methods.

**Magnetic Ink Character Recognition (MICR)** support allows you to print machine-readable information on the bottom of your checks for quick processing. You'll be able to securely generate checks while saving money by using blank check stock on a laser printer.

## Take Advantage of our Fall Special!

Act now to receive 30% off Info-Alert or Banking applications—but hurry, this is a limited time offer!

## Daylight Savings time!

This year it starts later than in the past on the 4th of November Your computer "should" automatically set your clock, but *just in case*, check it when you come in to work on November 5!

Also, we wish you a Happy Thanksgiving Holiday!
